1. Signs that DO NOT REQUIRE PERMITS:

- a. Every land parcel within the City of Aztec can have up to three temporary, noncommercial signs; the signs cannot exceed three square feet each and must be anchored to prevent movement in the wind.
- b. Temporary signs exceeding three square feet may be displayed as follows:
 - i. One temporary banner sign (maximum of 32 square feet) is permitted per structure or tenant frontage (maximum of two signs per lot) in Office, Commercial and Manufacturing zone districts.
 - ii. One temporary freestanding sign (maximum of 32 square feet) is permitted per lot in Agricultural, Commercial and Manufacturing zone districts; signs are subject to location criteria (sight triangles, setbacks, etc.).
 - iii. Temporary window signs are permitted in Office, Commercial and Manufacturing zone districts; signs cannot exceed 50% of the total window area.
 - iv. Sandwich board signs are permitted in C-1 zone districts on lots containing a structure for which the primary building frontage encompasses 100% of the primary property frontage.

2. Signs that DO REQUIRE PERMITS from the City of Aztec:
